MEMORANDUM OF UNDERSTANDING

SUBJECT: Military Personnel Support for the Central Intelligence Agency

1. The purpose of this memorandum is to record the understandings reached by representatives of the Department of Defense, Bureau of the Budget, and the Central Intelligence Agency relative to the above subject.

2. The Central Intelligence Agency will budget for and reimburse the Department of Defense for:

a. All military personnel formally assigned to the Agency for a normal tour of duty under the Central Intelligence Agency's administrative command and control, and

b. The services of those military personnel who are detailed in continuing and substantially full-time support of operational requirements of the Central Intelligence Agency but who, for reasons of efficiency, are not under the command of the Central Intelligence Agency but remain under the command and control of the military commander concerned. Military personnel so detailed shall be considered to be "detailed for duty with" the Central Intelligence Agency within the meaning of § 1(6)(B), 1(11)(A), and 1(16)(B) of PL 85-861 (10 U.S.C. § 3230, 5416, 8230).

The Central Intelligence Agency will include in its budget, under an appropriate heading, military personnel not under CIA command and control who, as such, are not reflected as part of its regular personnel strength. This reimbursement will commence on 1 July 1960 and will be effected as follows:

(1) OFFICERS

The amount will be computed on the basis of an average salary by grade applied to those officers assigned to or detailed in support of the Central Intelligence Agency.
